Wed	13			Annual General Meeting	1930		James		

## “Happy Return” Information for Members.

“Happy Return” is usually kept inside the Floating Harbour in the winter & during bad weather.

Its position in the harbour is dictated by the Penzance harbour staff so you may have to look around to locate her, it may also be necessary to cross several other moored boats to access her during the Summer she is kept on the outside of the Floating Harbours North Arm in the drying harbour. Access to the boat is by a vertical ladder on the side of the Quay. *Most people manage this OK but if required the Skipper will pick crew up at the steps at the End of North Arm.*

## Explanation of Programme.

The column titles inform Skippers & Member as Follows.

**High Water Time & Height.** Informs the Skippers & Members of the time & height of High Water in Penzance Corrected for Summertime as appropriate.

**Event.** A brief description of the trip. Afternoon & Evening Sails take place over the high water & return is necessary before 3 hours after high water.

*Skipper Contacts: - please call or email using buttons on web site “Sailing Program”*

*Saturday, 10 June 2023 Final*

# Mounts Bay Lugger Association. Programme for 2023

Away Sails are as the Brief description, but Skipper may change destination to suit the weather. i.e... Go East instead of West.

**Mustert.** This is the time to get aboard “Happy Return” & prepare the boat for Sailing. Take off Sail covers, remove legs etc.

**Depart.** This is the intended time to leave the harbour. If you are going to be tight on time, please let the skipper know on his Mobile phone.

**Skipper** This is the Skipper for the trip or the person to contact to book a place for Sailing or event.

The Skipper’s contact details are in the footer of each page.

**Mate.** This is the Mate to the skipper who will assist in the management and control of the boat.

A voluntary Contribution will be made at each sailing event to raise funds towards the upkeep of “Happy Return”. Suggested contribution for this program is £10 per person when day sailing locally and £20 per day when away from Penzance.

**2<sup>nd</sup> Mate.** You will note that we now have a new column on the program, this is to facilitate the training of mates and future skippers for the Happy Return. This is strictly an admin feature for the information of skippers and mates.

**Code of conduct while sailing.** Members attention is drawn to the code of conduct whilst sailing which may be found on the [www.happyreturn.org](http://www.happyreturn.org) website. If any member feels that there has been some sort of impropriety, then please refer to this article.

**Bookings are to be made with the Skipper who is allocated to the sail which you wish to attend. If circumstances deem it necessary, a skipper may vary sail days.**
